

Dr Shlomo Dotan – Moderator Neuro-Ophthalmology SOE Webinar

Dr Shlomo Dotan is one of the leading experts in Neuro-Ophthalmology in Israel, since 1986 and with more than 42 years of experience in the Ophthalmology field.

He graduated from the Hebrew University - Hadassah Medical School in Jerusalem. Following a fellowship period at Michigan University in Ann-Arbor he has served for almost 30 years as the head of the clinical Neuro-Ophthalmology Service at Hadassah Hospital.

He has thrived and enhanced the effective treatment of Neuro-Ophthalmological patients and has contributed a lot towards the knowledge and expertise of tens of residents during those years and continues to do so – still today. In addition, he is working full time at Sourasky Medical Center in Tel Aviv and also at his private clinic.

Being a member of international – high professional – organizations, Dr. S. Dotan dedicates a lot of his time participating at congresses and professional meetings around the globe, giving his input and knowledge to fellow colleagues and is also approached often to contribute his knowledge in order to solve unorthodox Neuro-Ophthalmology cases.
